Subject: ADM File Number 2013-28 - Amendment to MCR 2.510 - Complete and Return Questionnaires Electronically

The Michigan Association of Circuit Administrators met on October 24, 2013 where the proposed amendment was reviewed and discussed. We wish to endorse the changes being proposed to this court rule which we understand allows courts to authorize prospective jurors to complete and return questionnaires electronically, and further would allow courts to create and maintain them electronically. Courts throughout the State will be able to provide jurors an additional method of access to the courts which is a great service to the public and potentially save return postage and storage costs to the courts.

Thank you for the opportunity to provide comment.
